**Textbooks**

- Friedberg, Insel & Spence “Linear Algebra, 4th Ed.”

**Course Description**

The course will cover Chapters 5-7 of the textbook (eigenvalues and diagonalization, inner product spaces and canonical forms), and perhaps some other topics if time permits.

Midterm: Wednesday, Feb 8th (in class)

Final Exam: Wednesday, March 21st (in class room)

**Evaluation**

Your grade will be determined by the following:

- 30% Assignments
- 20% Midterm
- 50% Final Exam
