Dear Mr. Ning Chien,

On behalf of the Editorial Board of
the Journal of Nonlinear and Convex Analysis,
we regret to know that one of our Founding Editors,
Professor Ky Fan, passed away on March 22, 2010 in Santa Barbara, California.

Professor Ky Fan has made important and significant contributions with long lasting impact in the theories of mini-max, optimization, nonlinear analysis and fixed point theory.
Professor Ky Fan has also been a very kind and supportive to the younger generation.
Professor Ky Fan will be missed by many of us in the mathematical community.

We plan to have a special issue Journal of Nonlinear and Convex Analysis in 2010 devoted to Professor Ky Fan.
We also plan to devote the 7-th International Conference on Nonlinear Analysis and Convex Analysis held at Hirosaki University in 2011 in Professor Ky Fan's memory.

Sincerely,

Wataru Takahashi, Anthony To-Ming Lau, and Tamaki Tanaka
