

GEOMETRY, TOPOLOGY, AND PHYSICS SEMINAR

A Math/Physics Happening

Mike Freedman (Microsoft Research)

and

Eva Silverstein (Stanford University)

Friday, November 17, 2006, 3:30 p.m.

Room 6635 South Hall

Abstract:

Together with the audience, we will explore what questions about 3-manifolds (A) might be useful to physics (stringy physics), and (B) might be known or addressable by mathematicians.

Information about future meetings of this seminar can be found at
